

# March Beginners

## Skill Focus

- Recognizes first name in print
- Compares objects for similarities and differences
- Engages in imaginative play to act out real life situations
- Uses safety scissors appropriately
- Independently attends to bathrooming needs
- Labels emotions in self and others
- Draws lines, circles, and figures

## Home Enrichment

Cut up carrots, tomatoes, celery, or other fruits and vegetables, and help your child arrange the food into pictures on a large plate. The two of you can create a clown, train, or a beautiful piece of abstract art. You can use olives for eyes, round crackers for wheels, slices of cheese as windows — the possibilities are endless.

And then the real fun begins: Eating your masterpiece!
