- Uses fingers and palms to hold objects

Home Enrichment

Hide & Peek

This simple tent game is great fun and very reassuring for babies just beginning to understand that out of sight doesn't mean out of mind.

Throw a large blanket, sheet, or tablecloth over two chairs placed a couple of feet apart so that it reaches all the way to the floor, making a tent. Hide a doll or stuffed animal in the tent and ask about it: "Where's Teddy?" Lift the cloth to reveal her hidden friend (or help your baby do this) and exclaim, "There's Teddy!"
