

Classroom Corner

Beginner B

Ms. Carolyn & Ms. Trish

The leprechauns have come and gone and now it's time to get ready for spring! In addition to our Spring Fling Party and Egg Hunt this week, we have some exciting learning planned. We will be working on understanding the number concept of 1-5 by matching numbered animals on the easel; exploring insects while looking at bug books and various bug toys, painting on a vertical surface as we paint along the fence and clapping to an ABA rhythmic pattern as we listen to our favorite songs. Please join us in celebrating Week of the Young Child on Saturday, April 11th for some Carnival fun and during Spirit Week from the 14th-17th,

Intermediates

Ms. Lilia & Ms. Christina

This month children will be learning about nature. We will go on a nature walk in the playground and listen for nature sounds, such as birds chirping and duck quacking as they fly overhead. Children will be learning about nature safety, identifying common places to see nature within the community and exploring various plants in our garden area. Using potting soil, pots, flowers and a watering can, the students will explore dramatic play through gardening. This month children will be working on counting from 1-40 and recognizing numerals 1-50 using flash cards. As a class we will be practicing sorting by size and color and comparing objects by physical attributes during table activities with friends. Be sure to check the events board up front for fun and excited dates!

Pre-K

Ms. Angie & Ms. Hayley

We are excited to welcome Spring! This month we learned about the solar system and the children enjoyed learning and singing new space songs. We are looking forward to our school garden project where the students will help plant vegetables and flowers. We will also have a Lady bug release on April 22nd. In addition, for Earth Day, activities and learning would be done using recyclable objects. Please help us fill up our recycling bin in the classroom with items from home ☺ In celebration of Week of the Young Child, please join us for our Eric Carle Carnival Saturday, April 11th and Spirit Days from the 13th-17th!

Pre-K 2

Ms. Judy & Ms. Desiree

March had us coming up with silly words and rhyming words as we celebrated Dr Seuss' birthday. We then popped our way through the next week as we experimented with bubbles for National bubble week. Then we went back in time to the California Gold Rush as we panned for golden nuggets. April has us hopping into spring complete with an egg hunt. This month we will also explore the world of Eric Carle for Week of the Young Child and read, The Foolish Turtle, as well as other books he has written and illustrated. The last two weeks of April will be filled with ways we can take care of our Earth; planting a garden, releasing lady bugs, recycling and cleaning up trash. ***Be sure to mark your calendar to join us for our W.O.Y.C. Carnival Saturday, April 11th for games, prizes, food and more!**
