- Experiments with different art materials
- Plays unattended for short periods of time

Home Enrichment

Touch Tour

Directions

Treat your baby to a bird's eye view of the world and a chance to touch things too high to reach. Carry your baby around at your eye level and name each object as you touch it. Include things like wall hangings, raised letters, doorbells, and stone or brickwork.

Extensions

Take this game outdoors and find new candidates to touch.

Move up to a sink and feel cool and slightly warm water.

Open the freezer and touch cold things with the tip of the finger.
