Beanbag Toss

Materials

Large laundry basket
Plastic sandwich bags or old socks
Package of dry beans

Directions:

Physical games encourage decision making about when and how to move the body. Tossing objects at a target can give your toddler both pleasure and confidence. Make beanbags to toss by filling plastic sandwich bags (doubled, and sealed with plastic tape) or old socks tied off at the end. Store the bags out of reach when finished.

Extensions

For an easier beginning game, stand over the basket and drop them in.
Sit across from each other and toss the bags gently back and forth.
