

Classroom Corner

Beginner B

Ms. Carolyn & Ms. Celeste

We are so excited to welcome our new friends into our classroom as well as welcome back our veterans. It is exciting to learn and grow together.

This month we will be learning how to use lacing cards. We will also practice independently removing lids from containers! We will continue to learn about “All Things Summer”; including exploring beach themes and learning about sea shells. We will continue to discuss how important it is to wear our sunscreen.

Please remember we will be closed Friday, July 3rd, Happy Fourth of July! Also join us Thursday July 2nd for our “Bingo Bananza and BBQ.” We cannot wait to see you there.

Intermediates

Ms. Daleana & Ms. Lacie

Welcome to our new classroom! We wrapped up June by getting to know our old and new friends. This month we will continue to learn more new things about each other. Also keep an eye out for some spectacular science experiments we will be working on all summer long. This month we will discover the science behind cooking! We will be making fresh soft pretzels and ice cream to start. Happy Birthday to Jeffrey! Remember our school will be closed July 3rd for the holiday weekend.

Pre-K

Ms. Angie & Ms. Hayley

We are so excited in Pre-K meeting new friends and learning new classroom routines and rules. Fridays are share days (children may bring one toy to tell their friend about and share.) As your child’s new teachers we are determined to learn each child as an individual and to expand their minds this school year. This summer we will begin expanding on the STEAM (Science, Technology, Engineering, Art and Math) Program. In July we will be using STEAM to explore activities with milk and other liquids learning fun new ways to recognize numbers and shapes. We will also have a camping “trip” and learn all about ice cream. Please check your child’s cubby and switch out any winter clothing for summer clothing. Thank you and we look forward to getting to know each of you better.

Pre-K 2

Ms. Judy & Ms. Desiree

We would like to welcome all of the new children in our classroom. We are excited to get to know all of the children as well as the families in our classroom. We have some fun and exciting activities planned this year and cannot wait to start a memorable journey with your child and family. We will start off the month with a big bang as we celebrate the fourth of July and talk about America’s independence. Then, we are off on a bear hunt to have picnic fun while “camping” in the woods. After a fun week of “camping”, we are sailing off to paradise where we will spread some Aloha as we explore the ocean. To end the month we will be indulging in our own homemade ice cream. We will be working on letter recogniztino and identifying letter sounds. We will aslo be workin gon number recognition as well as introducing simple addition and subtraction. We will be practicing writing upper and lowercase letters of the alphabet as well as writing our first and last names in the the proper cases. WE will also be learning the expectations in our classroom as well as following multi-step directions.
