

# October ~ CampZone

Our before/after school program offers fun filled & educational programs for children ages 5-12. Students jump into action, working on homework, participating in exciting activities, and participating in group activities.

## One, two, three... spotlight!

This is a game of chase for older children, which is best played outdoors at dusk or even night. If children are uncomfortable in the dark, divide them up into pairs to keep each other company. Choose a spot for the base. Pick one person to be the seeker and give that person a flashlight. The rest of the group hides while the seeker counts. When the seeker is ready, he or she leaves the base to find everyone who's hiding. Hiders try to run from their hiding places and make it to base without getting "spotted." A player is spotted if the seeker shines his or her flashlight on you.
