Home Enrichment

Fun Activity to Promote Writing Skills:

Use modeling clay to form words. First, make large flashcards with letters of the alphabet or simple words. (Laminate the cards if you can.) Then roll out thin ropes of clay. Ask your child to trace the words or letters on the cards using the ropes of clay. Not only will he learn to recognize words, but playing with the clay will help build the muscles in his fingers and hone the fine motor skills he'll need to write.
