

# Classroom Corner

## **Beginner B**

Ms. Carolyn & Ms. Celeste

We are getting so close to Thanksgiving and we are all so excited. The teachers cannot wait to learn all about the holidays with the children.

In October we focused on many skills such as identifying fruits and vegetables. That was a lot of fun for the students. We continued practicing our sorting skills. This coming month we will learn some new skills including exploring temperature, colors, sizes and shape matching. We will also learn new Spanish words focusing on "hace frio" which means "it's cold." We look forward to learning with your little ones.

Remember we are closed the 11<sup>th</sup> for Veteran's Day and the 26<sup>th</sup>-27<sup>th</sup> for Thanksgiving. It is very important to label ALL items brought into the classroom including jackets. Jackets are taken on and off many times throughout the day and labeling helpt to keep the right jacket with the right child. Thank You!

## **Intermediates**

Ms. Daleana & Ms. Kristi

'Tis the season to be thankful and many of our themes this month will be centered on thankfulness. We will start by showing appreciation for what can be grown from the Earth. We will also be celebrating World Kindness Day (November 13<sup>th</sup>) with a whole week random acts of kindness.

We will also heavily study the Thanksgiving holiday by showing thanks to our family and friends.

Please join us for our Family Feast on November 19<sup>th</sup>. Our Friendship Soup is November 25<sup>th</sup>, please share your child's favorite vegetable to add to the soup.

## **Pre-K**

Ms. Angie & Ms. Hayley

What a spooktacular month we had in Pre-K. We learned about nocturnal animals and we met some fun pirates. We also explored pumpkins and learned a little about spiders.

We have a lot planned for the month of November. We will be learning more about how the weather effects our environment. We will also learn about how farmers harvest our food. Did you know scarecrows are farmers' friends. Scarecrows protect the crops from the birds. We will work on following and creating patterns and learn their lowercase letters. We will spend some time talking about being aware of our feelings and emotions. We will learn more about vegetables and make Friendship Soup with different vegetables. We are very excited to bake a pie for our Family Feast.

We welcomed a new friend Mason to our class.  
Welcome to our class Mason!!

## **Pre-K 2**

Ms. Judy & Ms. Desiree

October started with our class going deep in the bog to see a frog on log. We then rolled into fire safety and learned tht firefighters work hard at putting out fires and saving lives. Next we travelled around the world exploring the many animals on the seven continents. We then celebrated Read for The Record and read "Not Norman". We talked about the pets that we have. We ended October with our Harvest Festival and party! It was so much fun dressing up and trunk or treating.

November has us picking pumpkins and falling with the leaves. Next we will learn about our body parts as we exercise and healthy eating when we make fruit salad. We will talk about thanksgiving and things we are thankful for. Then we will have a Feast! We end November with a Friendship Soup as we talk about friends.
