

# Lección 13 Home Connections

¿Qué mes es?

Master **133**  
What month is this?

Nombre \_\_\_\_\_

Teach your parents or guardians the months of the year in Spanish. Help your parents or guardians read the names of the months in Spanish beginning with **enero** (*January*).

enero	febrero	marzo
abril	mayo	junio
julio	agosto	septiembre
octubre	noviembre	diciembre

Together, draw symbols in the box for each month to show what the weather is usually like where you live. (Some months will have the same symbol.) Then point to one of the symbols you drew, and ask your parents or guardians this question:

¿Qué tiempo hace en (name of month)?      What's the weather like in \_\_\_\_\_?

Have them answer with one of the weather expressions they already know.

En (name of month) hace \_\_\_\_\_.

Then switch roles and have your parents or guardians point to a month and ask you the question.

Parent Signature \_\_\_\_\_
