

Toddler February 2017 Newsletter

At Merryhill School, we provide a positive and nurturing learning environment where children are prepared for their future through friendship, teacher guidance and a thoughtful and engaging curriculum."

This Month We are Learning...

This month we'll be introducing association, matching pictures to objects. This is a math link/skill and it is important for our toddlers to recognize objects and understand what the object/picture is.

Don't Forget!

- February 20th Closed for Professional Development Day
- February 14th Valentine Exchange

Try This At Home...

Flash cards are a great way to introduce new objects! Once they recognize the picture, ask your toddler to pick that object out in physical form.
