Let's Count to Seventy

Nombre _____

Teach your parents or guardians the numbers 61–70 in Spanish. Read each number aloud and have your parents or guardians say it after you.

61 sesenta y uno

62 sesenta y dos

63 sesenta y tres

64 sesenta y cuatro

65 sesenta y cinco

66 sesenta y seis

67 sesenta y siete

68 sesenta y ocho

69 sesenta y nueve

70 setenta

Make a set of flash cards. Write a number on one side of a notecard and the Spanish word on the other. Put the cards in order and hold them up one at a time, with the number side showing. Ask your parents or guardians to say the number in Spanish. Then have your parents or guardians hold up the cards for you to say the number. Repeat the activity and make it a little more challenging by mixing up the cards before you begin! Then keep the cards in a safe place to use again.

Teach your parents or guardians how to read and solve subtraction problems. Read each problem and solution and have your parents or guardians repeat after you.

¿Cuánto es sesenta menos cincuenta y nueve? Es uno.

*How much is sixty minus fifty-nine?
It's one.*

¿Cuánto es sesenta menos cincuenta y ocho? Son dos.

*How much is sixty minus fifty-eight?
It's two.*

Now look at the problems below. Have your parents or guardians read the problem for you to solve. Then switch roles and read the problems for your parents or guardians to solve. Remind them to use **es** if the answer is one and **son** if it is more than one!
