More options than ever before.

Our summer camp programs provide children opportunities to explore, discover, make new friends and learn new skills. It all starts with our outstanding counselors, whose talent, creativity and leadership set the tone for an unforgettable experience. They encourage our campers to reach for new heights and expand their horizons and interests. This year, we are offering our families more options than ever before!

School-Age Camp

Each week, students in kindergarten through 5th grade jump into action as they explore science and nature, become involved in creative and performing arts, and participate in sports and games. Our activity blocks give campers fun and variety in their camp day.

Preschool Camp

As a continuation of our Links to Learning curriculum, our summer camp offers a fun-filled program for children ages 1 to 4. Each week, preschoolers jump into action, participating in fun and exciting activities and special events. Our activity blocks are sprinkled throughout each week, giving campers fun and variety in their camp day.

Kindergarten Enrichment

Give your child a jump-start to kindergarten by enrolling in our Kindergarten Enrichment program. We work on sharpening literacy and math skills, while also providing opportunities for your child to practice kindergarten etiquette through authentic play and collaborative learning. Students have a blast engaging in inquiry-based, hands-on activities that build upon foundational skills, such as science and engineering.
